JUDGE TO GIVE PYKE CASE VERDICT SOON

Judge Ford Takes Case of Youth Who Rifled Meters Under Advisement.

Final disposition of the George Pyke case will probably be made by Judge Ford of the circuit court within a few days, according to a statement by Juvenile Officer W. E. Miller Tuesday night. Mr. Miller presented the case to the judge on Tuesday, but a decision will not be reached until a later date.

It is probable that young Pyke, who has been implicated in many small robberies around Mishawaka, will draw a sentence to the reform school until he is 21. He has an uncontrollable mania for stealing anything that he can get his hands on, and it is believed that the only manner in which he can be cured of this desire to steal is by a long sentence. He is now 15 years old.

Pyke was arrested Monday when he stole a bicycle belonging to a newsboy, who later saw the wheel in front of a second-hand store and reported the matter to the police. The second-hand man said that Pyke sold him the wheel for \$2.75, and when arrested, Pyke confessed. He also confessed to the robbing of quarter meters in houses from which people had moved.

Pyke is said to have denied several meter robberies, but when presented with evidence which showed he was connected with the affairs, he confessed. He always worked alone and never was known to have had an accomplice. He has implicated no one. He is on parole now from the reform school.

AT THE TEMPLE TODAY.

Kitty Gordon, the "English Lillian Russell," makes her film debut with the World Film corporation in a screen version of F. C. Phillips' novel, "As in a Looking Glass." Miss Gordon will be shown at the Temple theater Wednesday, in this charming photoplay and capacity houses are expected. An amusing incident in connection with Miss Gordon's debut is that when she first appeared in a drawing room scene, her acting was superb and brought unlimited praise from the director. When making "tests" of the picture, it was discovered that the brilliance of Miss Gordon's "polished shoulders," as novelists call them had caused widespread halation (or blur) from reflected light on the film. Miss Gordon must now put heaps of yellowish powder on her shoulders so as not to ruin the picture.

AGED FARMER KILLED BY FAST WABASH TRAIN

Leonard Weiss, 84 Years Old, Meets Death at Wyatt Crossing.

Leonard Weiss, retired farmer of Woodland, 84 years old, was struck by a fast Wabash train at the Wyatt crossing about 2 o'clock Tuesday afternoon and died half an hour later from his injuries.

Mr. Weiss had driven to Wyatt to get shaved and was on his way home to Woodland when the accident happened. He was slightly deaf, and it is thought he failed to hear the train as it approached the crossing. The horse managed to get safely across the rails and was uninjured, but the buggy was smashed to pieces. When found immediately after the accident, there were scarcely any marks on Mr. Weiss' body, and death is supposed to have resulted from the shock. He was carried into the home of Dr. Kuhn where everything possible was done to alleviate his suffering. He died about half an hour afterwards.

Mr. Weiss was born in Germany, April 20, 1832, and would have attained his 84th birthday tomorrow. He has been a resident of this district since 1857, and was well known as a successful farmer from which occupation he retired some years ago. He leaves two daughters, Mrs. Ed Mochel, Woodland, with whom he resided, and Mrs. G. P. Fries, who resides south of Mishawaka. He was married to Christina Megerle in 1858, her death taking place 11 years ago. A son Leonard, died two years ago in Center township.

The funeral arrangements will be announced later.

FACTORY LEAGUE CUP WON BY STUDEBAKERS

Leading the Watch Company rollers by 98 pins, the Studebaker squad of South Bend won the championship of the Factory league at the Elliaser alleys Tuesday night in a roll-off of a tie for first place. Total pins decided the race, although given a lead of five pins in their first game, the Watchmakers could not keep up the pace and in their final game only hit 799. The trophy, emblematic of the championship, was presented to the victors after the game by Wm. S. Krushanski.

Abraham, anchor man for the victors, was high man of the evening, both for individual score and total, his 616 leading his nearest competitor by 21 pins. FAMILY SQUABBLE IS AIRED OUT IN COURT

Mrs. Ethel Taylor Accused of Trespass Gets Suspended Sentence.

Judge Feig was forced to listen to the airing of a family, or rather inter-family quarrel in city court Wednesday morning when Mrs. Hazel Bauer, 322 S. Laurel st., had Mrs. Ethel Taylor arrested on a charge of trespass.

Mrs. Taylor in order to get fresh water for household usage must go down the street two doors to Mrs. Ladow's. In doing this she has to pass the house of Mrs. Bauer. Mrs. Bauer claims that Mrs. Taylor always cuts across either her front yard or her back yard, on these pillars, and that she strenuously objects to it.

Mrs. Bauer said that she warned Mrs. Taylor to stay on the sidewalk and that Mrs. Taylor in a tone of defiance said she would walk across the lawn half an hour later. She did and Mrs. Bauer had her arrested.

The judge gave Mrs. Taylor a fine of \$5 and costs, but on promise of good behavior suspended sentence.

The engineer of the train told Weaver to lock the man up, as he had gotten away from the officers at Gary. Hovey said he did not know anything about Gary, but that he came from Laporte. Later he said that he wanted to go to Laporte. He will be held until his case can be investigated.

CLOTHES CLOSET FIRE PROVES HARD HANDLING

One of the hardest blazes to fight was encountered by the fire department in a run to the house of Carl Castleman, 224 E. Grove st., Wednesday morning. The fire was confined to a clothes closet, but the volume of smoke which poured forth seeped out at all nooks and corners of the structure and gave the house the appearance of being all ablaze.

In the elapse the smoke was dense and impenetrable and it was all the department could do to get the chemical tank close enough to the blaze for it to be effective.

It is estimated that the damage to the house from smoke and water will amount to \$50 while the damage to the contents of the closet is expected to reach close to that amount. The alarm was turned in at 8:40 and central and the north side companies responded.

Land on Grove St., Obtained by North Side Catholics. Have Outgrown Quarters.

A number of lots on W. Grove st., have been purchased for the north side Catholics of St. Monica's congregation, on which they will build a new church and possibly a school house. Under Fr. This church was purchased from the managers of the First Baptist church a few months ago and was used for the first time by Fr. Bleckmann last October. The Baptists are now erecting a place of worship on N. Main st., near the corner of Lawrence. It is understood that just as soon as a purchaser is found for the present Catholic church, building operations will be commenced on the new structure. The realty transaction was put through by the Messrs. A. J. and J. W. Schindler.

HIGH SCHOOL TRACK TEAM'S SCHEDULE

Locals Working Hard For Different Events at Several Indiana Cities.

Mishawaka's track team will have the stiffest schedule this year they have ever had. Coaches Semeler and Davis are working the men three nights a week, in hard grueling practices, to have them in condition to meet Northern Indiana's strong high school teams.

The first official schedule as given out by the coach to the News-Times is as follows: April 29, Mishawaka vs. Niles in a dual meet at Niles; May 6, triangle meet, South Bend, Laporte and Mishawaka at South Bend; May 13, triangle meet, Mishawaka, South Bend and Goshen at Notre Dame; May 20, Northern Indiana meet at Notre Dame.

The locals up to this year have been very poorly represented at all track meets, but this year there seems to be a chance that they will carry off their share of the points. Several veterans of last year's team are with the locals this year, they are looked up to be the main boys to tally for the locals. Practice meets will be held with South Bend, both here and at the neighboring city, as soon as the men get some of their old form back.

Inter-squad baseball will start tonight when the Dodgers will meet the Naps in the first game of the season at the Ball Band diamonds on the north side. The batteries for the Dodgers will probably be Sawyer and Linsmeier, while Seffert and Kohler will do duty for the Naps. A schedule of these games will be given out Thursday. The Pirates and Stars will meet at Ball Band park Thursday afternoon.

FORD LEADING HUGHES AND SENATOR CUMMINS

International News Service: OMAHA, Neb., April 19.—Incomplete returns today from yesterday's primaries indicate that Henry Ford, Sen. Albert Cummins and Justice Charles E. Hughes are running neck and neck for the republican presidential nomination.

It was considered certain today that William Jennings Bryan's prohibition slate was overwhelmingly defeated, but it is believed the former secretary of state won a seat in the democratic convention by a close margin.

Henry Ford was conceded to be leading by a slight margin early today, but Justice Hughes is running close, with Sen. Cummins just behind him.

Three million dollars has been spent to bring the power of a waterfall 90 miles to Bombay for electric light and power purposes.

LIFE IS BRIGHT AFTER 15 YEARS

Mrs. Amanda Platt, of Muncie, Attributes Recent Relief to Tanlac.

Muncie, Ind., April 18.—Mrs. Amanda Platt, a well known Muncie woman, who lives at 808 South Elm street, after fifteen years' suffering has found a relief from the severe pains caused by rheumatism. Mrs. Platt recently said, regarding her experiences with Tanlac, the Master Medicine:

"I am so happy, for I know I have at last succeeded in getting rid of the terrible pain I had to endure for so long. Never during all the time that I was sick could I sleep on my left side because of the pain when my body touched the side of the bed. It would be impossible for me to describe my former suffering."

"I also had stomach trouble and was annoyed by my stomach filling with gas. My appetite, also, was poor."

"Since taking Tanlac I feel like a woman made over again. The change in my condition is the most wonderful thing in my life. The rheumatism pains are gone, my appetite has returned, and I sleep soundly. Life, again, has become bright to me."

Not only for rheumatism and stomach trouble, as in Mrs. Platt's case, is Tanlac beneficial, but for liver and kidney troubles, nervousness, insomnia and the like, it is excellent also.

Tanlac is now sold exclusively in Mishawaka at the Red Cross Pharmacy.—Adv.

EXPECT INDICTMENTS AGAINST PHYSICIANS

CHICAGO, April 19.—Grand jury indictments against several physicians with large practices were expected here today as a result of disclosures to the state's attorney's office regarding a veritable "medical diploma mill," through which sheepskins were obtained for various

sums. So far there has been one arrest—Dr. Joseph Glaser, son of a prominent south side physician. More are expected to follow.

The alleged mill is said to have been put in operation through the theft of a large number of diplomas from Marquette university at Milwaukee. Glaser was released today on \$1,500 bail.

OSTRICH FASHION

"Do you know what the ostrich does when something dangerous? He sticks his head in the sand and thus imagines that danger is all over because he sees no more of it."

Are you acting the part of the ostrich?

There are many people whose health begins slowly but steadily to decline. They are easily tired, feel depressed at times, dizzy, and critically suffer from headache. They have lost their ambition, don't care how things go, the stomach does not digest as well as before, memory is getting poorer, and they become conscious of not being in the same vigor as formerly.

When a friend advises to consult a good specialist, they ridicule the idea, saying, "No doctor, I'm all right." Unless it aches deep in your soul you know you are NOT all right, but you don't want to own up. You try to dispute the danger away, try to persuade yourself that there is no danger, you use the ostrich.

Supposing you should notice some queer coming from your neighbor's cellar and call his attention to it and he would say to you, "You feel queer, but don't worry, I'll wait till the whole house is afire and then call the fire department." What would you think of that man's intellect?

Don't you see that you are acting as unwise as the ostrich? Don't wait until you are feeling queer, but prevent the early symptoms, but prefer to wait until you are completely broken down before looking for help?

I have, in my long career as a specialist, seen hundreds of cases which convincingly prove the eternal truth of the old adage that in chronic diseases prevention is better than a pound of cure. You have quoted these words many a time, you profess to believe in the principle, yet you fail to apply it to your own case.

If you find that your health and vigor are declining, if you do not feel as well and strong as formerly, if you believe there is something wrong with you and want to learn the truth about yourself, visit me at once.

Don't wait until nature gives way and the disease disorganizes important organs and nerves. STOP THE LEAK NOW. Thousands of men have been wrecked on the rocks of vice, ignorance and neglect.

If you are afflicted with any Acute, Chronic, Nervous, Blood or Contracted Diseases, Stomach, Liver, Rheumatism, Varicose, Prolapsed Enlargement, Stricture, Hemorrhoids, Kidney, Bladder, Urinary, Rectal Disorders or any other Weakness, Defect or Disease of the Pelvic Organs, visit me today. If your case is curable I can relieve it quickly and permanently restore you.
